

## \$100 FOR ROAD WORK OFFERED BY B. OF TRADE

Trail Running north of Bassano  
Needs Repairing—Bassano Board of Trade Expect to Vote \$100 for Trail Improvement—Farmers Will Donate Work

In an effort to assist the farmers north of Bassano to improve the trail running north of town, the Bassano Board of Trade expect to contribute the sum of \$100 toward defraying the cost of this work.

The sum may appear a small amount when measured in terms of road building, but an analysis of the plans proposed reveals that \$100 will go a long way toward putting this trail in shape for traffic.

Farmers of the district who will use this road to come to Bassano have agreed to donate men, teams, tractors, and other machinery. The only cash outlay necessary will be for buying fuel for the tractors and lumber for the culverts.

The road is that which runs north of the main highway from the corner about three miles north of Bassano, to a point about 13 miles distant from the main highway.

A graded road is not planned as this would be too costly, but it is proposed to smooth the rough and rutted portions of the trail and make it passable for truck and car traffic.

The farmers of the district have petitioned the provincial government to assist them with this work either by funds or supervision.

The Bassano Board of Trade has not yet made the \$100 donation, but the notice of motion was presented at the meeting on Wednesday. Members expressed their approval of the expenditure, and when the board next meets in two weeks' time there is every expectation that the required sum will be voted.

The farmers of the district have petitioned the provincial government to assist them with this work either by funds or supervision.

Next Wednesday, July 1, Bassano's big Dominion Day celebration will be held. Great preparations have been made for the event and now all is in readiness.

All that is needed to make a successful Dominion Day holiday is good weather. Bassano nearly always has been favored with good weather on July 1. Last year rain came in the evening to spoil the carnival, but that is the only occasion for many years back when the first of July weather was inclement.

Many entertaining games will be seen at the midway carnival games both at the fair grounds in the afternoon and at the street carnival in the evening. Following is the list of booths and the managers in charge: refreshments, H. Beeber; chocolates, Roy Smith; coin booth, M. R. Milroy; cat booth, D. McLeod; house-boom, M. MacLean; hoopla, H. T. McFarlane; carnival treasurer, D. Hutchinson. The house-boom game will be played at the evening carnival only. As in past years, the street from the post office to Flanagan's hardware will be closed, and the midway built in front of the Masonic Community Hall. The prize ball will be given away at 10:30 p.m.

Baseball Tournament  
Three teams, Cluny, Bow Sipe, and Bassano, will compete in the baseball tournament to be played at the fair grounds in the afternoon. Two games will be played, one team getting a bye. Last year was the first time the fair grounds was used for baseball. A good diamond was made there, and the spectators may view the games from the grandstand. Prize money for the ball tournament is \$40, divided \$20, \$20, and \$10 for first, second and third.

Sports Program  
A variety of children's sports, athletic events, and horse races is billed for the sports program. The children's sports will be run off in the morning on the grounds just west of the school. The afternoon race program at the fair grounds will be as follows:

Half mile free for all horse race.  
Men's 100 yard dash.  
Barrel race (horse).  
Hop, step, and jump.

Relay race (horse).  
Men's running broad jump.  
Noretty race (horse).

Prize money totalling \$141.50 will be given away in these events.

The afternoon program at the fair grounds starts at 1:30 p.m. The admission charge this year has been reduced to 75 cents, children under 10 years of age being admitted free. No charge will be made for parking cars.

The Dance  
The day's entertainment will conclude with a grand dance in the Masonic Community Hall, Simpson's popular orchestra playing the music.

Swim in the Pool  
The Bassano swimming pool will be open all day and may well enjoy a dip in the ocean, warm water of the big tank.

## BUSY SESSION HELD BY TRADE BOARD

A busy session was held by the Bassano Board of Trade at the regular luncheon-meeting in the Imperial Hotel on Wednesday, June 24.

The last meeting before the Dominion Day celebration, committees which have charge of this work reported that everything was being made ready for the event.

\$1.50 per Acre Foot For Water  
In reporting on the cost of town irrigation water, A. T. Connolly advised the members that this was costing \$1.50 per acre foot. H. O. Swelin, mayor of Bassano, said that the town was negotiating to have a reduction made in this charge.

Mr. Connolly also informed the members that the town council had drawn up an amendment to the early closing by-law which would provide for one o'clock closing every Wednesday. The amendment was being advertised according to law, and so far he had heard of no objections to the proposed change.

\$100 For Trail Improvement  
After discussing the proposal to improve the road running north of Bassano, notice was given that at the next meeting of the board a motion would be made to donate the sum of \$100 to this work.

Town Must Pay Half Cost  
H. O. Bredin informed the board members that the town council had received a communication from the provincial Department of Public Works advising that the provincial government was adhering to its policy as outlined last fall concerning the proposed construction of the main highway through Bassano.

This policy is that if the highway is built through Bassano the town must

## TEACHERS' GET SALARY CUT

Economies Necessary to Keep Down Expenses—Amount of Reductions Not Yet Announced—Expect Larger Classes, High School Students Next Term

In line with the policy being put into force in all departments of civic and municipal work, the Bassano school board will reduce the salaries of teachers next term.

Economies in school expenditures are necessary, and the board finds it must reduce salaries to keep down expenses. The exact amount of the reductions has not yet been made public, but it is expected that a considerable saving will be effected under the new schedule of salaries.

Instruction in high school studies is becoming heavier every year due to the increased enrollment in the high school classes. When the new term opens next September the high school classes will be swelled by an additional seven or eight pupils. Under normal conditions the school board believe it would be advisable to engage another high school teacher, making two for this work, but owing to the present financial stress they find that it is impossible to increase the school expenditures to this extent.

### Crowfoot News

CROWFOOT, June 24.—The wind  
last Wednesday did considerable  
damage to the crops and an odd  
building was blown down. Some  
fields of wheat that were up 4 or 5  
inches were blown out. The wind  
was followed by a much welcomed  
rain but more is badly needed to do  
the crops any good. Some of the  
local boys attended the dance in  
Queenstown last Wednesday evening.  
They report that the dance  
was good but the trip home, the  
next day was not so enjoyable.

Mr. and Mrs. F. Bulger were call-  
ers at the Hoffmeyer home last  
Sunday.

Geo. Nelson and Erna Knudsen

of Mr. and Mrs. C. Knudsen of Bas-  
sano.

A number of people of this vicin-  
ity attended the air show in Bas-  
sano last Tuesday.

Mr. and Mrs. Chas. Hoffmeyer

ing Mr. and Mrs. K. W. Campbell.

Mr. and Mrs. E. A. Brookes were  
visitors at the home of Mr. and Mrs.  
C. A. Goyatt last Sunday.

Donk Tract of Bassano reports he  
likes motoring in the hot storms we  
have here.

Sidney Hoffmeyer and Arthur  
Goyatt were callers in Gorm last  
Sunday.

Mr. and Mrs. P. Holton seem very  
fond of walking about 4 or 5 miles  
last Sunday.

### Hospital Board Hold Regular Meeting

The board of the Bassano Muni-  
cipal Hospital District recently held  
their monthly meeting in the town  
hall.

Several letters regarding misad-  
ventures were read, and the  
secretary instructed to reply.

The secretary reported several  
accounts unpaid, and these were  
turned over to a collection agency.

A list of accounts was read and  
passed for payment.

A motion was passed that insur-  
ance be given the hospital superin-  
tendent that the board deems it  
unwise to employ any nurses  
who ordinarily reside or whose fam-  
ily ordinarily reside within the hospi-  
tal district, except for temporary  
relief.

There was some discussion con-  
cerning the matter of reducing the  
salaries of the nursing staff. This  
will be taken up again at the next  
meeting.

### EDUCATION AND THE RADIO

A few years ago when the radio  
was making such great strides in  
expansion it was expected in some  
quarters that it would be an im-  
portant factor in education. The  
spread of knowledge by means of  
lectures, lessons, and instructive  
talks over the air was hailed as a  
great forward step for the cause of  
education.

The work started off well, but in-  
terest has gradually fallen away un-  
til today the hours devoted to edu-  
cational work over the radio are  
only a small percent of what was  
used for the purpose a year or two  
ago. Today radio education con-  
sists largely of instruction on the  
merits of shoes, sealing wax, cereals  
and cigarettes.

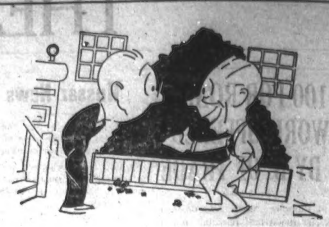

Most people want their radio for  
entertainment and amusement. After  
a day's work they wish to relax, and  
the dial is turned to tune in on a  
station broadcasting a musical pro-  
gram or perhaps a play.

Those who are studiously inclined  
prefer to broaden their education by  
reading.

**ECONOMIES IN  
SCHOOL MANAGEMENT**  
Salary cutting is an unpleasant  
business, but the Bassano school  
board finds it must resort to this  
measure to reduce expenses. Next  
term all the members of the teach-  
ing staff will be employed at lower  
salaries.

In Alberta, it is said, there are  
about four hundred teachers look-  
ing for jobs. When the new term  
opens next September the number  
may be increased.

The Bassano school board is not  
taking advantage of this situation  
to reduce expenses. They find that  
the cost of education is exceeding  
the amount available for this pur-  
pose, and expenses must be kept low.

The Calgary Exhibition and Stampede, to be held July 6-11, will be the greatest combined exhibition and all time's celebration ever held in the West. The exhibition will include over 300 entries, including a wonderful exhibit of live stock. The attractions and special features are the best ever arranged for.

The greatest interest is being taken in the 75th birthday celebration of Mr. F. Burns, Alberta's leading stockman, which takes place on the opening day of the Calgary exhibition and stampede. Letters are pouring in from near and far from those who will attend the largest birthday party ever held in Canada.

Another new feature is the marvellous Hart Chinese exhibition, which was attended by 450,000 people at the Toronto Exhibition during the past two years.

The entertainment features include, the stampede, the greatest of them all, running races, band contest, stampede parade, mammoth fireworks display Saturday night, cowboy and old timers' ball, Friday evening, morning Indian street parades, and the special feature production "The Fiesta of 1931" with over 100 artists.

Our recently printed anecdote of a child saying that the foolish virgin "ran out of gas" reminded a reader of another Sunday-school story.

A teacher asked the class what was meant by a man "pocket of spirits." After a brief pause, one youngster spoke up: "It means a bootlegger."

Thrilling Stunts Performed by Daring Aviators—Many Passengers Go Up in Planes

A large crowd of spectators was given many thrills by the air tour and flying circus which visited Bassano last Tuesday, June 25. Tall spins, barrel rolls, looping, parachute jumping, and other stunts were on an exciting program that lasted all afternoon and evening.

The weather was fine for flying, with a moderate breeze blowing from the west. The fleet of nine planes arrived just before noon, and the air circus started about 1:30 p.m. Capt. Fred McCall, famous flying ace of the squadron, was defeated in Calgary and could not be present, but the stunts put on by the other pilots gave the crowd plenty of thrills.

A good-sized crowd attended the dance in the Masonic Community Hall at night.

Bassano Dentist Best in Brooks, Gleichen, and Bassano Clubs—Will Play in Final Tournament at Calgary

Dr. W. F. Keith of the Bassano Golf Club stroked a 73 Sunday afternoon at Gleichen to break the course record by 3 strokes, winning the final match and district championship in the playoffs for the Calgary Herald country districts golf cup.

Keith played the final match at Gleichen eleven strokes better than his nearest rival, Hal Gaetz, also of Bassano, who tied in an 82. Tall White, of Brooks, had a card of 87.

For the 54 holes of play, 18 at each of the three clubs of Brooks, Gleichen, and Bassano, Keith had a total of 232, and Gaetz and White tied for second place with 244 each. They started the match in Gleichen within five strokes of each other, Keith, with 161, Gaetz 162, and White 166. The other golfers in the competition trailed far behind the leaders, and had no chance to catch them.

As a result of his victory in the district competition, the Bassano district will represent this district for the second successive time in the final tournament to be played out in Calgary in the near future.

The members of the Gleichen Golf Club made a special effort to put their course in good shape for the tournament last Sunday. Visiting players found the course in the condition, and they were hospitably treated by the Gleichen members.
